Mercedes-Benz

The best or nothing.

Welcome

At Mercedes-Benz we appreciate the importance of detail. Over the following pages you'll find model prices and a breakdown of standard and optional equipment, as well as details of the attractive finance offers and benefits that are available to every Mercedes-Benz driver.

We have highlighted some of the best styling features both inside and out, some of the new technology features and some body styling options which all combine to give you a unique driving experience. To experience a full listing of what is available; please speak directly to your local Mercedes-Benz Dealer.

Of course, some things have to be experienced to be truly appreciated, such as the qualities that set a Mercedes-Benz apart, which is why we'd like to invite you for a test drive at your local Mercedes-Benz Dealership. ¹ Figures for the rated output and the rated torque in accordance with Directive (EC) No. 595/2009 in the currently applicable version. ² Electronically governed. ³ The figures given for fuel consumption and CO₂ emissions were determined in accordance with the prescribed measuring process (§ 2 Nos. 5, 6, 6a passenger car energy labelling ordinance in the currently applicable version). The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for purposes of comparison between different vehicle models. ⁴ Data applicable within the European Union only. May vary from country to country. ⁵ Determined on the basis of the measured CO₂ emissions, taking into account the mass of the vehicle. ⁶ Figures for the kerb weight according to Directive 2007/46/EC in the currently applicable version (kerb weight with fuel tank 90% full, driver, 68 kg, and luggage, 7 kg) for standard-specification vehicles. Optional extras and accessories will generally increase this figure and reduce the payload capacity accordingly. Figures in square brackets refer to engines in conjunction with the optional automatic transmission. You can find further technical data at www.mercedes-benz.com

The best for the engine:
Mercedes-Benz genuine engine oils.

¹ Figures for the rated output and the rated torque in accordance with Directive (EC) No. 595/2009 in the currently applicable version. ² Electronically governed. ³ The figures given for fuel consumption and CO₂ emissions were determined in accordance with the prescribed measuring process (§ 2 Nos. 5, 6, 6a passenger car energy labelling ordinance in the currently applicable version). The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for purposes of comparison between different vehicle models. ⁴ Data applicable within the European Union only. May vary from country to country. ⁵ Determined on the basis of the measured CO₂ emissions, taking into account the mass of the vehicle. ⁶ Figures for the kerb weight according to Directive 2007/46/EC in the currently applicable version (kerb weight with fuel tank 90% full, driver, 68 kg, and luggage, 7 kg) for standard-specification vehicles. Optional extras and accessories will generally increase this figure and reduce the payload capacity accordingly. Figures in square brackets refer to engines in conjunction with the optional automatic transmission. You can find further technical data at www.mercedes-benz.com
